Registration for the 2023-2024 school year begins on:

- February 27th for current families
- March 20th for new families

Does my family need to have a YMCA membership to enroll in Before and After Care?

You do not need to be a member of the Southington Community YMCA to participate. However, there are membership options available for both children and families with convenient payment plans. A youth membership is as low as \$23 per month, and we also offer family memberships! As a member (family or youth), you receive a cheaper tuition rate for all Y activities, including child care, swimming classes, youth sport programs, etc. Otherwise, if you choose to remain a non-member, you will pay a higher rate for child care, and anything else you choose to register for at the Y. We highly recommend you at least sign your child up for a youth membership, as you will automatically save money each month!

Why should my children participate in the Before and After Care program?

The YMCA Before and After Care program provides working parents with peace of mind that their children are being cared for by positive role models in a welcoming environment during those challenging before and after school hours. Children will make new friends, learn new activities, get a start on homework and most importantly – HAVE FUN!
